mee, of yesterday:
"There have been runners about our streets
oday, that Mr. Doughas was mobbed on Tuesoy, at Atlanta, Georgia, where he was adversed to make one of the speeches of his presat Southern tour. When inquiries were made at our office in relation to these transfer, we were mable to answer them; but we find from the newspapers of that vicinity, reacted by this morning's mail, that the question had been started as to preventing bin from speaking.—The Mantgomery (Ala.) Mail, which, we believe, is Mr. Yancey's peculiar organ, last tycek asked if Judge Douglas would have the audicatly to speak in that piace, and the "Confederacy want the following sufficied reals."

"Flot as worthy of those engaged in it as of the object to be accomplished! The Democratic paper asked if Judge Dougtas would have the audacity to avow his treason before the friends who had loved and honored and trusted him-won lered if his check was brazen enough to confront unabashed those he had sought to betray; and upon this it is attempted to make an impression that he was to be "mobbed!" To make this impression, the Atlanta Confede racy, edited by a man whose inlamons endeavors at levying black mail within the last year excited the indignation of every de-cent editor in America, and made him too degreded to be treat-d with common courtes; by any one with claims to respectability, was the proper one to give this construction to an iudignant yet innocent inquiry, and the other Op-position paper in that place followed it up The object is too apparent to deceive being to so excite the rank and of the friends of Dorgans as to checkthe stampede now going on to Breckin-RIDGE and LANG, and change It to Jour BELL for whom they are openly invited by the Glas-gow Free Press to vote in order to "avenge" themselves on the Democracy! And then the Journal, representing "all the deceney"—the life of Kentucky chlvalry-through the Bulletin, lends itself to the senry trick, and gives ney to a rumor that no one else ever heard of, that Mr. Douglas was actually mobbed; and

We are glad to meet the report with a prompt, emphatic, and unqualified denial. It is false in whole and lu part. It is a lie made to order. A gentleman now in this city, a business man, whose character is proof against attack, was at Atlanta; he saw Mr. Douglas there; he heard him speak, and no violence was done him no indignity offersd him, no disconrtesy exhibi ted. Fitteen hundred or two thousand people assembled to hear him; no enthusiasm was manifested; no excitement created; he made no sensation and no converts, and passed on, soo to be seen and heard no more. We invite the attention of those who are honestly supporting Mr. Douglas in Kentucky, conflding in the sincerity and integrity of the men as the head of the movement estensibly in his avor, to the letter from Marion county, in another column. We know the writer; and we have been farnished from more than one source with the facts to which our correspondent refers, and have names and dates and figures for any one who would like to see them, or for the public, if the facts are denied. As far as the lasters are concerned, the sale is completal. The by some means of the Douglas voters to the support of JOHN BELL! Look at the facts to which our correspondent alludes: THE BELL MEN MAKE ARRANGEMENTS TO GET UP A BIG DEMONSTRATION AT LEBANON flier go to work to collect money to buy torches and pay other expenses. Leading Douglas new subscribe to the fund! A LEMDIN DOUGLAS MAN IS NAMED TO ACT AS MARSHAL OF THE PROCESSION! A LEADING DOUGLAS-ITE IS INVITED TO SPEAK! These are ome of the facts! Will the honest Democrats of Marion and the adjoining counties, who here listened to John Young Brown, and gone after Dottilas, believing he was the regular nomince, now give their sanction to this conduct of their leaders? Estators Leutreille Courier: The fusion in our country is now complete. Everything has been carried out according to the programme laid down by the Douglas leaders. On next Friday night, Nov. 2nd, they are to have a grand Union fusion—Bell-Douglas terchilight procession and illumination in this place. The movement was rot on for tyesterday, and the leading Douglas men in this place courributed money freely to bweethe politification. LEMIC of the Opposition parties of to-day to surprise us at every "crook and time." In our town and county, some time since, Douglas and county, some time since, Douglas and ordered almost universally against lusion with the Bell men, and some went even so far as to denome the fusion of Douglas with Bell in some of the Northern States. But truly be consistency becoming a jewel rarely to be found. Those boud-monthed opponents in the Douglas party of fusion with Know Nothingism, are now actually fusing with them in our very utilet. Those who, in 1856, were londest in their denunciations of Know Nothingism—who declared that under no circumstances would they yote for a Know Nothingism—are now working these by jowl, shoulder to shoulder, with Know Nothingism against the Nutloual Democratic party—the party that opposed it in "36 and is opposing it now. On Friday night, November 21, there is to ! a grand "Union-Constitutional Enforcement of the Laws" festival, or torch-light procession, here. Flaming "posters" amouncing the fact are to be found on every corner of the fence and barn door in the county. Small bills "ditto," from the big "Union" office of Louisville, are flooding the country. On the first appearance of these bills, we supposed that it was to be a "Union" festival. But what are the faces? Let assac. In the first place, some of our most prominent Douglas men in the county are to be found on the subscription list, subscribing large amounts towards this "Union" jubilee.—Secondly, the chief marshell for the evening is one of the greatest lights of the Douglas party in this section, assisted by smaller lights of the same party as deputies. And, thirdly, who is to be the orator for the occasion? Who has been invited, and has accepted? Messra. Editors, you might set your wits to work, and think on the big "Union" office of Louisville, are invited, and has accepted? Messra. Editors, you might set your wits to work, and think night and day for a year, and you could never guess. But I will save you that great loss of time by informing you. It is no person else than the Hou. John Young Brown, Democratic Congressionan from this district? These are all straight forward, plain, and undeniable facts and should they be denied by any over-zealous Donglasites, the proof will be forthcoming. Respectfully, yours, &c., MARION.

L. Yancey passed through here, shout noon, on his way South, and nothing would satisfy the populace short of a speech from him. He went to the Court House, and spoke to an immerse erowd about thirty minutes before starting for the cars. The thirty minutes speech so frightened the Bell-Douglas men that straightway they sent for the Hon. C. S. Morehead, better known as Ephraim Smoothe. better known as Ephraim Smoothe.

one that will ten, which middle to their terror, and Capt. Graves mounted the stand after the Governor was done, and spoke till night, upon the principle that a "stich in time saves nine," even if it is clumsify done.

Mr. Ephraim accepted the invitation, and accepted the invitation, and accepted the control of the saves and accepted the control of Mr. Ephraim accepted the invitation, and accordingly spoke here on Saurday (to-day). His speech was characteristic of the man—a complete dedge of all the issues—filled up of abuse, somethe abuse, of lancey, and a Fourth of July oration about the Union. It touched nothing, he discussed nothing, debated nothing—but dealt in vague culogies upon Douglas, Beil, and the Union, and denunciations of Yancey. If was made pathable here some time since that there would be an attempted finision between the Bell and Douglas parties. Morchead's speech was under with an eye direct to this end. He claimed Kentucky for Bell by 10,000 or 20,000, "depending upon how the Douglas men vote." It is said here Morchead's letter of invitation was headed by a prominent Douglas men vote!." It is said here Morehead's letter of invitation washeaded by a prominent Douglas man, and on Saturday night he was in close confab (as it is reported) with the leaders of the Bell-Douglas party, just as Douglas himself was, when at your city the night after his speech. The new party—Bell-Douglas party—are now styled the "Epitrainites," and there is to be a concerted effort this week to transfer the Douglas men to John Bell and the Know-Nothings. I am the "son of a shoemaker" the son of a meananic a plebeism! Is that acrince? Is this a monarchical or a regulilean government, Messts. Editors? Are we, the people, he "sons of shoemakers," and the sons of mechanics, to be accurred, to tread the "pathway of vice and sorrow," with the mark of Cain upon our brows, because we are mable to be the sons of anticords—because we are published (In what page of American history lait recorded that we are to be damined for our powerly!

But, then, let us look at that paragraph again, lie says I am "the son of a poor shoemaker in this place." To use plain language, that is a downright lie. Firstly, my father does not live in that place, secondly, he has not been there for three or four years; thirdly, my tather has been icad for more than a year.

Again: He says my habre "is extrainely poor, and not able to give this convert education enough to spell as well as Joe Laue." Here, not content with the attempt to asst aspersious on the character of the living, he irlast to stigmatize the dead—drags the mouldering remains from the still, silent grave, to hang them at the murderer's gibbet—and all for what? Dr. Tyng refused haughlly to give hisauthority. The New York Times says:

We really think, however, that the Indignation of Measrs, Bail, Black & Co., and Tiffany & Co., is rather more violent than the oceasion warrants, for very high precedents may be found for the deed they repudiate. When George IV was crowned King of England, the jewels in his coronet, horrowed expressly for the oceasion, were valued at a million and a half pounds sterling, and the fortinnate London jeweler received \$200,000 as interest for their use. In a moral point of view, there is certainly very little difference between lending jewels for the coronation of one Prince of Walcs, or lending jewels for a bail given in hour of another. We condemned the wretched taste and estrangance of those New Tork women, who appeard in their horrowed finery at the Prince's bail; but, unless Messrs. Tiffany & Co., and Bail, Black & Co., are prepared to answer for all other jewelers in the metropolls, we do not see that their interference, except in so far as a brey are personally concerned, is stall pertinent.

There are very few of the 47 parishes of Lon-lisians that do not make an exhibit of greater wealth than this reported of the city of Lynch-burg, and a great many that largely exceed that of King George. Literary Mishaps Valuable works have fallen victims to ignorance and avarice. The Douglas menclaim to be Democrats, and ar asked to vote for JOHN BELL, who, for nearly thirty years, has warred upon Democracy and Democrats without ceasing! They were Democrais in 1855, and are solicited to support JOHN BULL, who made a speech in favor of the priui ples of Know Nothingism, and directly justi-fied the deeds of Bloody Monday in Loniaville! They supported Mr. BUCHANAN in 1856, and are told they should ally themselves those who denonnce their candloute then as a Federalist and an enemy to his Through all the vicissitudes of party warfare, for years and years, at every step they have been met by JOHN BELL and his associ ates, and now they are importuned to forget the long past, to give up their hard earned victorics, and to become serving men to those they so recently drove from power in this State! They have been true to their ancient faith, faithful to the Constitution, and loyal to the country through the dark hours of the past; and now they are asked to aid Indirectly to elect Lincoln by j ilning the Whig-American-Know-Nothing-Op-position-Union-Party-John Bellites to beat

We believe the doctrine of Squatter Sovereignly is antagonistic to the Cincin-unti Panform, and hold that Kentuckians should be protected in the exercise of their Constitutional rights by the Federal evernment. Herein we differ from those who are supporting Mr. Douglas, and in these par-Henlars we have endeavored to convince them t'en they are wrong. We have tried to show, too, that BRECKINGIDGE alone has the power or any chance to defeat Lincoln. How far we have succeeded, the polls will show. But we have made no numanly appeals for their su; port. We have asked no man to do vicience to his convictions by supporting BRECK-INRIDGE. We know that a majority of those cho are in favor of Douglas are in favor of the Incorratic platform. To them we have appealed to break loose from the few demanagement was have assumed the right to lead them, and while standing by their principles, to help beat like to know, if taking this old Duckler and making exceptions to it, where will taken. Last March the Jour nal believed that Judge Douglas PERSURED b meelf when he voted for the Wilmot Proviso. and emphatically declared that he "has no element of truth, no basis of confidence in him." New It sings his praises, lands his consistincy, maintains his conservatism, and commends his patriotism! What does this mean? Hid the Journal thus speak of Jackson! or of VAR BUREN! OF OF POLE! OF OF CASE! OF OF PIERCE! OF of Buchanan? Did it ever treat thus any Demoratic candidate for any office. Is Judge Dot G-tes the only man who, claiming to be a Demoerat, and aspiring to high office, was worthy of such consideration? Is it not clear that an attempt is thus being made to use you to divide and distract the Democracy for the benefit of JOHN BELL and the Know Nothings-an attempt by those who, having used you, should they succeed, will kick you saide, despising and insulting you. How many honest Douglas men (we do not includ the leaders and managers) are content to lister to these insulting over-

It is but the language of the Journal and other Know Nothing organs! We submit these paragraphs to the people of Kentucky. They explain the movements of DUNCAN, HARLAN, & Co .- the action of the Douglas leaders in supporting Coxas the Know Nothing in August last-the hopes of the BELL men and the objects of Mason, Dixon, &c .- and they Indicate the base purposes which the insolent knaves want to acapplish through the instrumentality of honest but misguided men.

The Free Press thus addresses the Doug-DOUGLAS DEMONRATS OF BARREN! In those States in the North, where our Bell friends are in the minorite, they will support your noming us. Then in Kentheky and the South let the Dinglas hemocracy rally in the support of Bell and Exercit. This is your plain day.

DOUGLAS MEN! you have a noble candidate, a national statesman, worthy of your earnouse. But the treachery and hatred of his enemies have destroyed his chances. You can arenge his aroungs by supporting fell and Becrett, without any surprite of principle.

The Journal says JOHN BELL is opposed to natter Sovereignty. The Journal says JOHN BELL is in favor of protection to slave property in the Territories. We know JOHN BELL is priosed to Democracy, and has warred upon ocrats all the days of his li'e. What claim has JOHN BELL upon any mun who pretends to the a Democrat? OFFICE OF LOUISVILLE POPRIER.
THURSDAY EVENING, Nov. 1, 1800. The month opened with no material change nancial circles. The demand, though only mode-ste, is fully as large as our Bankers seem distorted to meet, and, in fact, none but those having strictly first class papee to offer are able to negotiate leans.

There is no disposition on the part of either Bankers or Borrowers to operate further than they are com-

The Exchange markel remains about the same as reported yesterday, with only a moderate inquiry for Eastern at 3 premium. For New Orleans the market was firm, and in some quarters the demand is re-ported in excess of the supply, while in others they report only a small demand with a large supply. pon the whole, we may report the demand about equal to the supply at 1/2 premini The World of Tuesday has the following in regard to Money at New York:

o ancey at New York:

The Money market opens with the same rates as revealed last week, and capitalists are freely supplying Money for call loans at 6 % cost. First case unkness tootes are much sought after, and are taken trates favourable to the borrower. Frime Indoved apper, maturing within to the con-

The general market remains quiel, with but oderate demand for the leading articles. Flour is eady, with a good demand for shipping and how sumption, and the tran-actions to-day were rathe ranger at the quotations reported yesterday. Ther was a firmer feeling in the market, and holders seem edicss anxious to sell, while buyers purchased mor ely. Wheat i- lirm for the good of injection lots erag on the mark 1, and it is with diffi-culty that they are sold. The receipts during the past day or two have been large, with sales to-day of over 3.500 landels prime to choice red and white a prices conging from \$1 1000\$1 15. There has been a good demand for Corn, especially for prime white and the stock of that quality has been greatly reduced. The sales to-day were large, reaching nearly 4,000 bushels at 550 for ear, 58,000 for mixed shelled and 627 for pance white shelled, sacks included .there is no disposition on the part of dealers to ed on commission. Farmers appear anx ious to seni ut their prices, but are pushle to the sales to any extent. We note a few small sales of new ear, from store, at 45c, at which price there is a small inquiry. The receipts yet are small. Outs are dull, with only a small demand at the declined price which was established a few days since, and the transactions have been small at 35°, in bulk, and 39°, sacks included, from store. Dealers are paying 36°C 32°, for prime from wagons. There is a fair demand for kye, with sales from store at 50,50°. We quite Bariny at 8°C,50°, with moderate transactions. Groceries remain unchanged with but a world design. Groceries remain nuchanged, with but a small de-mand for Sugar for home consumption at 8% for Porto Rico and 9600% for prime to choice New Or-cans. The market is firm, but holders are willing sell freely al our quotations. We have had a

fariher news in regard to the new crop, but from what information we have before no we are led to believe that the crop will be a fine one; both as regarde quality and quantity. Molasses continues dull. with more sellers than bayers in the market. The stock in the city is large, and holders are disposed to sell, and refuse no ofters that are made. The marke is must telegated and it is very difficult to get the exact quotations. We quote nominal at 376-127 for prime and choice plantation. Coffee is firmer and prices have stightly advanted, owing to the lucrosted demand and the light stock on hand. The sales ninring the past day or two have been large, at prices ranging from 15%, \$16\$ for prime Rio. There is a good inquiry for Java Coffee at 17% of, but the small sum if on band has carried the steep. upply on hand has caused the seles to be limited .e is quiet, with email transactions from store at

There was no change in the Provision market today. Mess Pork was exceedingly dull, and the market to-day. Mess Pork was exceedingly dull, and the market was very weak, and prices were a shade lower. There is no inquiry for it, except in a small way to fill southern orders, with small sales at \$18.00. The stock here is mostly held in the hands of jobbers— tue stock in the hands of packers being light, and what they have on hand they are anythous to ack. what they have on hand they are anxlous to seil, but buyers are not willing to purchase. The demand for Bacon was rather more active to-day, but the sales have been limited. The orders which come from the south are mostly for Sides, the atock of which is very light in this city, not being sufficient to most the demand. The market was firm, with fair sales at 94¢ for Shonlders, 124† for Rib Sides, 134¢ for Clear Rib and 14¢ for Clear Sides. There is but a small inquiry for Hams, with small transactions at 14; for plain canvased and 14; \$\phi\$ for sngar cared.
The stock of Lard here is very light, and it is daily being diminished by the sales which are made to fill the Sonthern orders which are daily being rece

by our cealers. The market closed very firm at 13% c The market for llogs is dall, with but little disposition on the part of packers to contract for lots, though we understand that a number of packers are still making purchases throughout I at \$5 gross. For well fatted flogs, delivered early in the season, they would be willing to pay \$5 50 net. The Cincinnati Price Current published the assessors' returns. Washington, Nov. 1.—Semi-official advices received here show that owing to the energy of President rispina, in accordance with General Herran's directions of war operations, and to the patriotism of the people, the revolution in progress in the Republic of New Granada by this time may be considered at an end. In the decesive action of Orstorzia, fought by 3,500 men, 600 were left on the field, and in the combat of Manizales, Gen. Marquirer lost 300 out of 2,500 men. It is mentioned as a notable fact that no rerolution commenced in New Grennala has ever triumplied; and that the present one, which seems likely to be the longest and most failal in its results, is the sooner repressed. The principle which the Revolutionists were lighting for was the expounding of the Federal Constitution in a nullification sense, but the victorious party are new urging the revision of the Constitution in a more conservative spirit. Some incorrect statements have been made with regard to the temporary protection given to the city of Panana by the American and English men-ef-way. Implimately, Nov. 1.—Spurious bills on the Boone County Bank have made their appearance here. The plate is genuine, but the signatures are a bad initiation, both of the officers of the State and the bank. The spurious issue may be easily detected. The paper is of a much lighter texture than that of the genuine, and presents a dingy, greasy, blurred appearance. The filling up is coarse, and on the large notes bunglingly done.
